RUSSIA HAS LOST HALF MILLION MEN

Startling Figures Made Public By Army Organ.

JAPS COURTING THE CHINESE

General Linevitch Continues His Retreat Northward, and Reports that Japs Are Striving to Get the Chinese Interested in Their Behalf.

What Russia Sent to Front.

St. Petersburg, March 27.—Stung by the wholesale criticism lately heaped upon the war office for its unpreparedness and incapacity in providing the Manchurian army with men, guns and munitions, the army organ today lays bare what has been done since the opening of hostilities giving the exact figures. From these it appears that up to March 12 the war office has despatched 13,087 officers, 761,467 men, 146,408 horses, 1,512 guns and 316,321 tons of munitions and supplies to the front, declaring the transportation strained the Siberian railroad to its utmost capacity.

The army organ admits that the army in the Far East when the war opened was hardly worth the name (no figures being given, but it is known that the troops did not exceed 60,000 men) defending this on the ground that the Emperor Nicholas desired to avoid war and therefore refrained from sending reinforcements which surely would have provoked it.

The publication of this article has created a sensation among military men and in public circles many of the former censuring the general staff for disclosing valuable military secrets and the latter finding from the figures a practical admission that the war has cost almost half a million men in killed, wounded, prisoners and sick, as the whole effective in the Far East is now believed not to exceed 300,000 men.

Japanese Settling in China.

Berlin, March 27.—A letter from Pekin published by the National Zeitung this morning gives the results of an inquiry into Japanese political activity in China. The writer says Japanese agents in every important place in the empire are devoting themselves to their calling in life whether priest, editor, teacher or trader, and to winning peacefully the good will of the Chinese for Japan. The method most often used is the founding of newspapers printed in the Chinese language and friends to Japanese aims. These try to influence the provincial governors and Pekin government to employ Japanese teachers in schools and especially to place Japanese military instructors in charge of the Chinese troops.

Linevitch Continues Retreat.

St. Petersburg, March 25—1:50 p.m.—General Linevitch continues the retirement of the bulk of his army northward.

The general staff now declares it is certain that Field Marshal Oyama has been compelled to relinquish the idea of a pursuit in force for the present. The Japanese forces on the Russian flanks are too light to constitute a serious danger and a lull in heavy fighting for several weeks, if not months, is predicted by some of the correspondents. A Russian correspondent warns the St. Petersburg authorities of the dangers of the Japanese activity in Mongolia, where, he says, their emissaries are enlisting the Llamas and arousing their old warlike spirit.

Report is Discredited.

Port Louis, Island of Mauritius, March 27.—Investigation tends to discredit the report brought here March 23 by a steamer which arrived at Port Louis that day from Colombo to the effect that she had met on the night of March 16, a Russian torpedo boat followed by a squadron of warships the number and character of which could not be learned.

Rumors of Peace Afloat.

St. Petersburg, March 25.—6 p. m.—The information contained in these dispatches for over a week regard ing the chang ein Emperor Nicholas' attitude concerning the advisability of making a pacific proposal to Japan is fully confirmed and in very high quarters, peace within six weeks is regarded as certain.

The positiveness with which this is affirmed would indicate that the government is already in possession of information as the Japanese terms would indicate a basis which Russia can agree.

The exact situation is shrouded in mystery. The secret of what has been done and what is being done is zealously guarded. The Associated Press hears, however, from a source close to the throne that pour parleurs are actually in progress in Paris but possibly only of a preliminary character and that Copenhagen may be the scene of the first exchanges between representatives of the two powers.

An imperial decree under today's date directs the minister of finance to issue a 5 per cent internal loan of $100,000,000 with the view to further strengthening the funds in the state treasury required to meet the expenses of the war.

TO CHRISTEN SHIP WITH OIL.

Kansas Will Use Crude Oil Instead of Champagne.

Topeka, March 27.—The battleship Kansas will probably be christened by Breaking a bottle of Kansas crude oil over its prow in the place of a bottle of champagne, as is the usual custom. This is the idea of Governor Hoch, as expressed by him today in a conversation with A. D. Eddy, general counsel for the Standard Oil company.

"The last time I saw you governor," remarked Mr. Eddy, "you expected to make a trip east this spring to attend the launching of your battleship."

"That has been postponed until July," said Governor Hoch.

"I would like to attend that lauching and see you break the bottle of champagne over the Kansas," remarked E. J. Evans, attorney for the Standard Oil company, in Kansas, who was present.

Governor Hoch's reply was quick. "The Kansas will not be christened with champagne. The Kansas will be christened with a bottle of oil—not Standard oil or Independent oil, but just Kansas oil—Kansas crude oil."

TO STEADY A SHIP AT SEA.

New Device To Be Tested by the Hamburg-American Line.

Berlin, March 27.—The Hamburg-American line is building a new steamer at Stettin which will be fitted out with an invention of Otto Shlek, an engineer of Hamburg, which is expected to reduce the rolling of vessels at sea to a minimum.

It consists of a massive balance wheel mounted so as to counteract the shifting of the ship's center of gravity.

The invention has only been tested in models, but the Hamburg-American officials have such faith in it that they are advancing money and lending a vessel for a trial in June or July.

Naval engineers regard the invention as likely to be of the greatest use to warships in adding to the stability of the gun platforms.

Jockey Loses His Life.

New Orleans, La., March 27.—Jockey Charles McCafferty, who was injured at the fair grounds yesterday, died at the hospital. One of the worst accidents that have marred the history of local racing, happened in the second race at the fair grounds here. The race was a six furlongs affair for 2-year-old colts and geldings. The field of 11 was about to swing into the stretch, when Swedish Lad, running sixth, was jumped on by some of the horses behind him and his near hind leg broken. Court Crier, who followed, fell over Swedish Lad and Jockey McCafferty, who rode him, was thrown directly in the path of the oncoming horses.

Hogs Sell for Fancy Prices.

Peoria, Ill., March 27.—Forty-seven head of hogs were sold for $6,345, an average of $135 per head, at Elmwood yesterday. The highest price paid was $625 for a brood sow by R. Blaser of Minier, and $420 for another by Samuel Taylor of Decatur. Buyers were present from Ohio, Indiana and Tennessee.

WANT UNCLE SAM TO BE COLLECTOR

Santo Domingo Asks For An American Protector.

HOPE TO FORESTALL REVOLT

All Foreign Interests Agree to Plan For United States Minister to Name Commissioner and Collector of Custom Receipts of Government.

New York, March 27.—Thomas C. Dawson, American minister to San Domingo republic, had an important conference Thursday, says a Herald dispatch from Santo Domingo. He met Charles R. Renoz, the Belgian minister, Dr. E. DePerrocra Epieza, Spanish charge d'affaires, who is acting for both Spain and Germany; Guigi Cambiaso, charge d'affaires for Italy, W. R. Thormann, head of the German consular bureau in San Domingo; B. B. Bancalari, the Italian creditor and representatives of the Domingoan government. French charge d'affaires deToux was not present, but was represented.

Subject to the approval of the Washington authorities a cable agreement was reached for a temporary settlement of questions at issue, pending the final approval or rejection of the protocol by the United States senate, the Domingo government agrees that Mr. Dawson shall nominate one American citizen to act as interior commissioner and collect all the custom house revenue of the island, according to the spirit of the protocol.

This commissioner, according to the agreement, will pay 45 per cent of the actual net receipts to the Domingoan government. The remaining 55 per cent will be deposited intact in a responsible bank subject to ultimate disposition under the American protocol, and no distribution will be made from this fund in the meantime.

Mr. Dawson has wired to Washington for permission to nominate the commissioner. The Domingoans are pledged to appoint the nominee.

Foreign cerditors and diplomats are said to be in perfect accord to secure the perfection of a receiver who must be an American, with foreign assent guaranteed.

Until the senate acts there will be under the new arrangement no further parting of the customs revenues, the entire 55 per cent of the net receipts going into the common fund, and being held in trust. The scheme is in effect a receivership without power to distribute the assets.

This plan is welcomed as likely to forestall a revolution. The agreement was verbal only.

Interest at Washington.

Washington, March 27—Renewed interest in the Santo Domingo affairs in official circles centered today in a cablegram from Minister Dawson indicating he had effected with the Dominican government a tentative agreement which temporarily at least would adjust satisfactorily the fiscal conditions of the island government.

No explicit information has been availing about the cablegram. It is believed, however, to be of such importance that the president iwll take action on it as soon as it is made known to him. While the precise nature of the negotiations between Minister Dawson and the Dominican officials cannot be learned, it is understood that he contemplates the placing of the fiscal affairs of the island government so far as the collection of revenues is concerned, in the hands of a commissioner to designate by President Roosevelt with the consent of the Dominican government.

Youth Guilty of Manslaughter.

Covington, Ga., March 27.—The Dempsey jury brought in a verdict of voluntary manslaughter. Young Dempsey was tried for the murder of Marvin Ellison, a young man 21 years old, in October of last year, the crime having been committed at a public nunnery. Dempsey is only 19 years old and is from a respectable Rockdale county family. He was sentenced by Judge Ross to 15 years of hard labor in the penitentiary.

NO REPLY FOR FRANCE.

Venezuela Is Standing Pat and Defying Several Nations.

Paris, March 27.—An official dispatch from Caracas, Venezuela, says President Castro who was absent from the capital during the recent supposed amelioration of the situation had returned and has manifested strong hostility against American and French interests.

His attitude, it is added, is particularly menacing against the French Cable company.

It is premature to say what steps France will take, as the information has just been received and the officials has not had an opportunity to consider it. However, it is likelly that their action will depend upon President Castro putting his menaces into effect by overt acts against the company or the forefeiture of its concession.

No orders for warships to be held in readiness have yet been issued, or are contemplated for the present, but there seems to be a growing impression in official quarters that the presence of a warship in Venezuelan waters might exercise a salutary effect.

VENEZUELA MOUNTING BIG GUNS

Cannons Recently Purchased Are Being Used for Drill Practice.

New York, March 27.—President Castro, it is reported, is still living near Maracay, where dancing takes place nearly every night, according to a Herald dispatch from Willemstad, Island of Curacoa. Orders, presumably given by the president, were recently issued to have all the guns lately bought in France used for drill and target practice. The two big cannon just mounted at LaGuaira, opposite the French Cable company's office, was fired Thursday morning for two hours in the direction of Cano Blanco.

The concussion in LaGuaira was soon so severe that nearly all the bottles in the drug stores fell from their shelves and were broken, windows in many houses also being smashed.

LaGuaira has two other big guns mounted on the fort, Puerto Cabello, two on the fort of LaVija and Maracaibo, three placed at the entrance of the bar on the Ft. San Carlos. All these were also fired Thursday.

Life Preservers Rejected.

Washington, March 27.—A consignment of 500 life preservers was rejected today by an inspector of the steamboat inspection service at New Orleans. The life preservers manufactured by a New York concern, were shipped to a firm in New Orleans. An intimation reached the inspector that the preservers were not constructed in accordance with the regulations of the United States inspection service. On their arrival at New Orleans the entire lot was rejected. They were flimsily constructed, and sewed with No. 60 cotton thread. No substantial respect did they meet the requirements, and the inspector had no hesitation in condemning them. As the life preservers were not actually in use, the government cannot proceed in law against the manufacturers.

President Presents Diplomas.

Washington, March 27.—President Roosevelt presented diplomas today to the class graduated from the United States Medical school at the exercises held in the hall of the National museum. He addressed the large audience and delivered a message to the 23 newly made doctors on the responsibility they have entered upon. The president was introduced by Medical Director R. A. Myron, president of the faculty of naval educational school. As the names were called the diplomas were handed to the president who in turn presented them to the graduates, and at the same time gave each one a cordial handclasp.

Dead Man Is Identified.

Memphis, Tenn., March 27.—The remains of a man who died in the Presbyterian hospital Feb. 24 of pneumonia, under the name of Frank D. Smith, have been identified by Boston relatives as the body of George S. Smith, a missing brother of Bryant G. and F. Smith, prominent iron manufacturers of Massachusetts. They have wired for the body to be shipped to Boston at once.

OFFICIALS OF ABANK CLAIM CONSPIRACY

Say Enemies Cause Run Made On Institution.

HAS $2,500,000 IN CASH ON HAND

Depositors of the Union Savings Bank and Trust Company of Cincinnati Withdrawing Their Money—New York and Chicago Offer Aid.

Cincinnati, March 27.—The cause of a conspiracy is declared by officials of the Union Savings Banking and Trust company of this city to be the explanation for a run on the savings department of that institution, which, after having continued quietly for about two weeks, was today the means of crowding the bank with several hundred excited depositors who fought to reach the paying teller's window.

One woman was knocked down and trampled on in the rush, but it is not believed that her injuries are dangerous.

The bank has $2,500,000 in cash on hand and nearly $3,000,000 in securities that can be immediately converted into cash, besides other assets to cover its $13,000,000 in deposits, and the officers express the utmost confidence in the ultimate outcome. It is charged that postal cards have been sent to depositors of the bank advising the withdrawal of deposits and that the telephone has been used as a means of giving the same advice.

The bank officials say that they have secured some of these postal cards and will endeavor to discover the author thereof and when found bring criminal action against him.

Offers of over $2,000,000 in cash have been made by Chicago and New York banks and other financial institutions have promised assistance, but all these proffers have been declined with thanks.

As an indication of the view of the local financiers an offer of $100 for the $2,000 for the stock of the Union Savings and Trust company was made on change today, but no stock could be had for that price, although it was the high record of the stock.

CHARGED WITH PEONAGE.

Government Asked to Investigate Conditions of Phosphate Contractors.

Charleston, S. C., March 27.—The government intends to prosecute the peonage charges against several Italian phosphate rock contractors vigorously at the spring term of the United States circuit court, as is evidenced in the coming to Assistant Attorney General Rudy of Charleston for a conference with District Attorney Capers about the matter. The court meets during the first week in April and the cases are now being prepared for trial.

The labor system in the rock fields has often been complained of, and the matter has on several occasions been taken by the Washington department in response to complaints from the Italian embassy. The government has now prepared a case which is expected to put a stop to the labor system which has prevailed and insures a discontinuance of the labor troubles for a long time to come.

Two Are Injured in Car Wreck.

Chicago, March 27.—Two persons were badly hurt and a dozen others were slightly injured today when a State street cable train ran into a Thirty-first street electric car. Both cars were crowded. The Thirty-first street car was crossing State street when the collision occurred. The impact threw the electric car from the tracks, the windows were shattered and many of the passengers were cut by flying glass.

Tired of Life, Man Disappears.

Statesville, N. C., March 27.—James Howie, of this place, has mysteriously disappeared. He left a letter in the office for his son stating that he was tired of life and going to Florida to kill himself. Mr. Howie has been in poor health for the latter part of the year and the cause is supposed to be worry. No one knows exactly what has become of him, but the cause of his going away leaves a wife and five children.

FORTUNE WILL SMILE ON THE TRUCKERS

Prospects for Tillers of Soil Were Never Better Than Now.

CROPS EXCEPTIONALLY FINE

The Most Prolific Yield of All Vegetables Ever Known in the County. Weather and Other Conditions Have Been Favorable.

"Never in the history of Alachua county have the prospects been better for the trucking interest as now," remarked a prominent party who is in a position to know what he is talking about, and who spoke intelligently, Monday.

The party stated that, while all trucking crops throughout the county were flourishing, that section traversed by the Gainesville and Gulf railroad between Gainesville and Fairfield seemed the most favored. This is probably the most fertile land adapted to all classes of vegetation in the State, and the man who owns a tract in this belt is indeed fortunate. The crop now in the ground, which is yielding handsomely, is diversified. There are the finest peas ever grown in the county, snap beans, lettuce, cabbage, okra—and in fact everything imaginable in vegetables. Heavy movements of peas and other vegetables are now being made, the Gainesville and Gulf moving solid carloads daily. In order to move the crop to advantage and place the products in the Northern and Eastern markets with dispatch, so that they may bring fancy prices, the road has inaugurated a special twice-a-week service from Fairfield and intermediate points. The first special train was operated Monday, and until further notice the service will be continued on Mondays and Thursdays. The probability is that it may be made a daily service after the present week. This will be done should the traffic demand a more frequent movement of trains.

As was stated in The Sun of Saturday, three solid carloads of peas and lettuce were picked up by the Gainesville and Gulf Friday. Two of these cars were delivered to the Seaboard at this point, while the third was routed via Sampson City and the Georgia Southern and Florida.

THE NEW LIBRARY.

Twentieth Century Club Will Open a Library in Miller Law Exchange.

The Twentieth Century Club, composed of fifty ladies of the city, will open today a library in the Miller Law Exchange. This association, which has for its object the literary advancement of the people of the city, has secured already nearly two hundred volumes of interesting books, donations from various sources. While it will be necessary at present to make a nominal charge for membership, the club hopes to soon transform the enterprise into a free library and reading room, and are working to that end. The ladies are very grateful to those who have so generously assisted them, and requested The Sun to thank the gentlemen who so magnaminously donated the furniture for the library.

The club has decided to place the membership fee at $2 per annum at the beginning. For the benefit of the winter visitors and those remaining in the city only for a portion of the time, a rate of $1 for one quarter will be in effect, which will enable holders to enjoy all the advantages and benefits of the library.

Miss Gertrude Cushman has been selected as librarian. The library will be formally opened today.

A NEWBERRY TRAGEDY.

Thomas Curry Attempted to Kill Woman and Wound Up in Prison.

Deputy Sheriff J. D. Siford of Newberry has arrived in the city with Thomas Curry, a colored man whom it is alleged endeavored to kill a woman near that place Friday night by knocking her in the head with a frying pan. This seems a favorite method in that section.

Curry was arraigned before Justice Henderson at Newberry upon a charge of assault with intent to murder, and inasmuch as the condition of the woman was serious, he was remanded to jail to await the results.

IN STRICT CONFIDENCE.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health.—How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Fred Seydel.

It is a great satisfaction for a woman to feel that she can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only, a woman full of sympathy for her sick sisters, and above all, a woman who has had more experience in treating female ills than any living person.

Over one hundred thousand cases of female diseases come before Mrs. Pinkham every year, some personally, others by mail, and this has been going on for twenty years, day after day.

Surely women are wise in seeking advice from a woman of such experience, especially when it is absolutely free.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as they have been.

Mrs. Fred Seydel, of 412 North 54th Street, West Philadelphia, Pa., writes:

Dear Mrs. Pinkham:—

"Over a year ago I wrote you a letter asking advice, as I had female ills and could not carry a child to maturity. I received your kind letter of instructions and followed your advice. I am not only a well woman in consequence, but have a beautiful baby girl. I wish every suffering woman in the land would write you for advice, as you have done so much for me."

Just as surely as Mrs. Seydel was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills.

No other medicine in all the world has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound. Therefore no prudent woman will accept any substitute which a druggist may offer.

If you are sick, write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and always helpful.

AN IMPRESSIVE AFFAIR.

LaCrosse Sunday School Will Observe Twenty-Second Year Sunday.

The LaCrosse Baptist Sunday school will be twenty-two years old next Sunday, and the parent of the school, Hon. Henry C. Parker, who is also superintendent, proposes to observe the event, as has been his usual custom each year.

The ceremonies will be held in the LaCrosse Baptist Church, and it is expected that the eighty-five members of the school will respond to the roll call on this important annual occasion. The program will comprise songs, recitations and instrumental music, and as arranged will prove a delightful one. The service will begin promptly at 2:30 o'clock, and will not be concluded until the late afternoon. The program will prove of unusual interest, and those who attend are assured of a pleasant afternoon.

Captain Parker, who was in the city Monday, stated that Rev. Lorenzo Dow Geiger of Apopka, a noted divine and secretary of the Baptist State Convention, had promised to be present and make an address, and in addition to this several other distinguished speakers will be on hand. This, with the recitations of the Sunday school children, the songs and music, will make an extraordinary program.

The LaCrosse Baptist Sabbath school was organized by Captain Parker twenty-two years ago, and with the exception of only two years he has been its superintendent. During all this time, remarkable to say, he has not been absent at a dozen meetings, and his interest now is stronger and greater than ever, growing with the school. When the school was organized it was with merely a handful of pupils. It may surely be termed a missionary work, for the enrollment now numbers eighty-five, and during its period of existence not less than 300 young men and women, members of the school, have been united with the church.

Captain Parker makes a rule to observe the anniversary yearly, and the people anticipate this occasion with a great deal of interest.

BE COURTEOUS TO ALL WOMEN.

Chicago Professor Says Chivalry Is Dead Among Us.

New York, March 27.—At the first public meeting of the New York Association for Household Research, Chas. R. Henderson, professor of sociology, in the University of Chicago, was the principal speaker. He declared that nowadays only "ladies" are treated with chivalry.

"Why is it," asked the professor, "that chivalry is dead among us? It is because the youth were taught to be courteous only to ladies and not to all women. The man who is courteous to ladies only, and not to the girls in the strets is only half civilized. He is a gentleman only because it suits his pleasure to be courteous. But until men treat the poor working girl with as much respect and courtesy as they do their friends in the ball room, we will have no real gentlemen.

"The relation of the household worker is closer to her employer than that of any other class of employe. For the woman who works in the house is in a way a member of the family, and while she is engaged for a definite sum to do certain work, yet there is a moral side to the relation that makes it more than just an industrial problem. It is a contract between human beings. The wage-earner sells her service, sells her intelligence and physiological sense, and this is what makes this particular phase of the industrial problem so difficult, for there are some things that cannot be bought under the wage system."

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

Thugs Broke Man's Back.

Salem, Ore., March 27.—Norman Davenport, whose home is in New York city, was set upon by two men while walking along one of the principal streets and while one pointed a revolver at him the other threw him to the ground with terrific force by placing his knee in the small of Davenport's back and his arm around his neck. The robbers secured $480 and escaped. At the hospital it is thought that Davenport's back is broken. He is paralyzed from the hips down.

Startling Mortality.

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, 14 Custom House Place, Chicago, says: "They have no equal for constipation and biliousness." 25c at druggists.

Sister Shot by Small Brother.

New Orleans, March 27.—Four-year-old Theophile Serpas, a Terre Bone, La., youth, picked up his father's revolver and began to play with it. The gun was discharged and the contents went through the arm of his 1-year-old sister, who was playing nearby. A doctor amputated the arm of the little victim who apparently will survive the shock.

Woman.

Woman has been defined as "an essay on goodness and grace in one volume, elegantly bound." But she doesn't like to be put on the shelf all the same.

SKIN DISEASES SPEAK FOR THE BLOOD

Skin Diseases speak for the blood and tell of the acid-laden, poisonous condition of that vital fluid, and of its effort to throw off and rid the system of the poisons and waste matters that have accumulated in it. Eczema, Tetter, Acne, Salt Rheum, Psoriasis, Boils and diseases of this type are all caused by a weakened and polluted blood circulation, and though they may have lain dormant in the system during the cold weather, at the coming of Spring and Summer, when the blood is reacting and making extra efforts to expel all morbid and poisonous matter, they make their appearance. External remedies cannot cure; they soothe and give temporary relief, but often clog the pores and glands, and the poison causing the trouble is thus shut up in the system to break out afresh later on. S. S. S., a purely vegetable blood remedy, cures all skin diseases by going down into the circulation, driving out all poisons and waste matters, strengthening the blood, leaving the skin soft and smooth, and building up the entire system by its tonic effect. S. S. S. cures Nettle Rash, Poison Oak and all skin diseases that enter the system through the pores and glands, as well as those that have their origin in the blood. Book on Skin Diseases and any advice wished, without charge.

In 1896 I experienced at times patches on the inside of my hands that itched and burned, causing much discomfort. I was convinced I was afflicted with a type of Eczema. I consulted several physicians, and used several external applications, receiving but slight temporary relief. I decided to try S. S. S., and soon I found myself entirely cured. POPULAR PEOPLE WED.

W. A. McGriff and Miss Colson Were Married Monday Morning.

There was a happy wedding in this city at 11 o'clock Monday morning, when W. A. McGriff of Wauchula and Miss Bessie, the charming young daughter of Mr. and Mrs. Perry M. Colson, were united in the holy bonds of matrimony, Rev. S. B. Rogers of the First Baptist Church officiating. The affair was quite a surprise to the friends of the contracting parties, but a most pleasant one, since both are quite popular here. It has been generally known that they have been betrothed for some time, but no one entertained an idea that the marriage would occur at this time.

The affair was a quiet one, only the members of the family and immediate relatives of the bride being present.

Mr. McGriff formerly resided here, where for some time he held a lucrative position as pharmacist in the drug store of W. M. Johnson. A few months ago he moved to Wauchula, where he opened the Orange Pharmacy, and where commercial fortune has smiled sweetly upon him. While here he was one of Gainesville's leading young men, and made himself quite popular.

The bride, who is the second daughter of Col. and Mrs. Colson, is a general favorite, and numbers her friends by the score. The only regret is that she will not be associated with them longer.

Mr. and Mrs. McGriff left on the noon train for Wauchula, where they will in future reside. They were joined at the station by a number of friends who called to extend congratulations and wish the happy pair much joy in their matrimonial state.

The Sun extends congratulations.

A HAPPY MARRIAGE.

Miss Ethel Gammage, Formerly of Micanopy, Wedded in Arcadia.

The current number of The DeSoto County News, Arcadia, contains the following notice of the marriage of W. E. Griffis and Miss Ethel Gammage, which will be of interest to the people of this county, as the bride is well known and popular here, having been reared in Micanopy:

"Miss Ethel Gammage and Mr. W. E. Griffis were quietly married Wednesday evening at the home of the bride, Rev. Jas. P. DePass of the Methodist church officiating. The wedding was quite a surprise to their friends, only a few persons being present beside the bride's family.

"Mrs. Griffis is very popular in Arcadia, where she has lived about two years—having moved from Micanopy here. She is unusually pretty and very bewitching in her manner.

"Mr. Griffis has been an efficient employe of the DeSoto Publishing Company for several months, and has won the respect and esteem of all who have met him.

"Mr. and Mrs. Griffis are at home at the Williams House."

Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and $1. Sold by W. M. Johnson.

"Pay Your Taxes."

As an advertiser City Tax Collector Ellis is what might be termed a curiosity. The time is now drawing near when the city tax books will close, and Collector Ellis yet has a number of delinquents on his book, which makes it read like a novel of hard times. He is an ambitious collector, always anxious to make a good showing, as well as relieve his friends, the taxpayers, of the extra financial burden of advertising, hence has exercised every means to get them to pay up. The latest means employed was Monday, when he wore upon the lapels of his coat a sign which read, "Pay Your Taxes."

"I cannot understand why these people who own property do not come up and pay," remarked the collector. "There is a true saying that nothing is sure but death and taxes, and that is right. I know of instances where men of money keep putting off paying taxes, when they know the inevitable—they know those taxes must be paid, but they will insist upon standing the city off, and when the property is advertised they are compelled to pay the additional cost of advertising, etc."

Collector Ellis states that the books will positively close on April 1st, and those in arrears are requested to call and settle before that date. Receipts are already made out, and he has installed his daughter, Miss Dora, as deputy collector, hence there will be some one in the office at all hours.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Women find quick relief in Dr. Thacher's Liver and Blood Syrup.

A Pleasant Affair.

On Saturday evening Miss Mabel Sanchez, one of the teachers in the Gainesville Graded and High School, tendered Prof. Kellum and the corps of assistants a reception at her home, East Main street, N. The evening was passed in a most enjoyable manner. Mrs. J. F. McKinstry, Jr., rendered some fine vocal music which was appreciated.

Refreshments were served, after which the faculty retired wishing the hostess much happiness and success.

American Claims Settled.

New York, March 27.—Important measures are being taken toward a definite re-establishment of cordial relations between Colombia and the United States, cables the Bogota, Colombia correspondent of the Herald. By a definite, mutual and satisfactory arrangement, a settlement has been effected of long pending valuable claims of Americans in Cartagena in which Boston capitalists are interested. President Reyes is sparing no efforts, the correspondent avers, to induce foreign capitalists to co-operate in fostering Colombia's prosperity. No American claims are now pending and peace is stable throughout the country.

Strangely Formed Child Born.

Washington, Ga., March 27.—Mr. and Mrs. Whoopaugh, who live just over the line from this county in Oglethorpe, are the parents of a most strangely formed child, which was born Wednesday night. The little girl babe is devoid of both arms and legs, but the body is perfectly formed and the child is apparently healthy. There are only short stubs where the arms and legs should be. The stubs for arms are about 2 inches in length and those for the legs are about 4 inches. There are no signs whatever of hands or feet. Both the mother and the babe are doing nicely.

Will Develop River Power.

Elberton, Ga., March 27.—F. R. Dravo, president of the Dravo Contracting company, of Pittsburg, has forwarded all papers necessary to the organization of a company for the development of Cherokee shoals, on the Savannah river, and it is thought this valuable property will be soon developed. Georgia and South Carolina have both given consent for the erection of dams agross the river, and as soon as the electric plant is in working order, Judge W. F. Cox will erect a cotton mill near the scene.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by all druggists.

Miners Wages To Be Increased.

New York, March 27.—Wages of about 4,000 miners and other employes in the field near Morristown, N. J., are, it is announced, to be increased 10 and 15 per cent April 1.—Two years ago this spring the wages of all the miners in Morris county were cut the same amount. At that time it was stated as soon as conditions warranted it the old scale would be resumed.

Invaluable for Rheumatism.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ill. 25c, 50c and $1. Sold by W. M. Johnson.

Children Die of Poisoning.

Paducah, Ky., March 27.—Three small children of Mrs. Mary Broeckwell, the oldest aged 4 years, have died within a few hours of each other from some kind of poisoning which their mother thought was contained in the cabbage they ate. The doctors say that the children died of opium poisoning. The police are investigating.

A Safe Cough Medicine for Children.

In buying a cough medicine for children never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. It is especially valuable for colds, croup and whooping cough. For sale by all druggists.

AN ADVERTISING THOUGHT.

The newspaper advertisement has the advantage over the shop window that it does not wait for the occasional passerby to turn his head for a fitting glance at it, but goes straight to the homes of all the purchasers, men and women, big men and little, every day or every night and never fails to be taken in and read.

George B. Cortelyou, formerly secretary to the president, is now postmaster-general.

A London, England, judge has decided that $1 80 is enough to pay for a lady's Easter bonnet. But the blooming Henglishman should bear in mind that the Hamerican ladies don't wear bonnets. They wear 'ats.

Several papers in the States are asserting that the war between Russia and Japan should soon end. But the members of the press should bear in mind that the Czar claims the right to do as he pleases and he is liable to place a censorship on the press if further comment is made.

The Tampa Herald says the people voted to raise money to purchase the Tampa Bay Hotel, let them vote to sell it. Such talk is childish play, when the city is already up $85,000 on the deal. Elections should hardly be necessary, with a board of aldermen to attend to the city's business and a mayor with the veto power.

The tomato crop of Florida bids fair to rival all others in the State, and at the present time upwards of 10,000 acres are devoted to their culture. The crop for this season is estimated at 2,000,000 crates. Most of the tomatoes raised are shipped out of the State at present, but many more might be raised with profit with several good canneries, catsup and chow-chow factories doing business here.

The Louisiana State Good Roads Association will hold its next meeting in Baton Rouge, La., April 27. This meeting will be followed by the Southern Interstate Convention of the National Good Roads Association, which will be held in the same city, April 28 and 29. William Jennings Bryan will probably address the convention. Several governors of Southern States and other distinguished men will be present. Hon. James Wilson, secretary of United States Department of Agriculture, Agriculture, and Hon. Martin Dodge, Director of Federal Public Roads Inquiries, will also be present and address the convention.

Did you ever hear it stated that Stephen C. Foster never wrote the song, "Way down Upon the Suwannee River," and that it was written by Nettie McQueen, a Florida girl, who was at a Northern school and homesick at the time? There are one or two men in Florida who know something about the song, and Job H. Caldwell, formerly of The Jasper News, is one of them. He stated that Foster never while the latter was in this State and occupied a cabin on the Suwannee; and, if the writer is not mistaken, heard Foster sing the song after he had written it. Hear Lewis Dyal from Brother Caldwell.

STIR UP THINGS.

A few days ago a representative of The Sun visited the pleasant farm and nursery of Herbert Graves in North Gainesville, and could not help noticing the thrift apparent on every hand. The place looks as neat and tidy as any to be found North or South, the buildings being all bright with paint, no rubbish being found anywhere, and the fields are all kept in the best possible manner.

A field of rye stood up as straight as anyone might find in the country and it was quite heavy. The straw stood up about five feet tall, and it was in the bloom, giving evidence of a good crop.

The young orange trees were putting forth their blooms and they all looked healthy. Mr. Graves also has a young pecan orchard that looks well and his plum trees are growing nicely. In fact, the whole place looks well.

This beautiful place shows what every man can do who has a small farm, if he feels so disposed. Mr. Graves does not work a half day and sleep the other half. He does not hire men to work for him and then go fishing, leaving them to do as they have a mind to. He superindends his work, as that is his business; studies the soil and the crops that are best adapted to it.

He is in the nursery business as a business; can tell you about the stock he sells and what you can expect of it. He makes a business of his business—don't devote half his time to other people's business, and the result is he has made business for himself.

What he has done others can do, if they only apply themselves. Don't wait, believing that all things come to those who wait, but stir up things; then you will come to something yourself. Get out of the rut. There is as good prospects in Florida for the hustling farmer as any State in the Union.

One crank can do more harm in fifteen minutes in almost any place you put him, than ten sensible people can undo in a week. We have them in all places, but the worst ones we see are those who are never satisfied with their condition, and when they are in one place they are wishing they had went to some other, and they want to get away from the other, as soon as they get there. All places are "the worst they ever saw," the people are "queer," and they wish they were in some other place, and so do the people with whom they come in contact. We have them in Florida and they are to be found in other States, but we thank goodness that in the other state they will not bother us, as there will be no excursion rates and such people never go where they have to pay full fare.

A heading in The Tallahassee Capital reads: "Kuropatkin captures himself." That must have happened when it was stated that he was running away from Oyama.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

Ex-Alderman Guilty of Bribery.

Milwaukee, Wis., March 27.—Former Alderman Charles H. Havenor was today denied a new trial and sentenced to two years' imprisonment in the Milwaukee house of correction for bribery. A stay of sentence was executed by Judge Williams and sentence will begin this year. Mr. Havenor was convicted a short time ago on a charge of accepting a bribe of $100 on April 1, 1899, for furthering a special privilege. Havenor is well known in baseball circles throughout the country, being owner and president of the Milwaukee American Association baseball club.

Burned Bridge Causes Wreck.

Paris, Tex., March 27.—Northbound 'Frisco passenger train No. 6, which left here two hours late, encountered a burned bridge yesterday a mile and a half south of Arthur City, which ditched the chair car and two sleepers and partially derailed the smoker. One person was fatally injured, dying later, and several other passengers received slight injuries.

Miners Agree on Wage Scale.

Louisville, Ky., March 27.—The joint committee of miners and operators for the western Kentucky district has agreed on the scale of wages for miners for the coming year. The schedule is practically that of last year, the price to be paid for pick mining being 78 3-4 cents. The miners asked 81½ cents for this work, but receded from their demand.

Reward will be paid to any person who can find one atom of opium, chloral, morphine, cocaine, ether or chloroform in any form in any of Dr. Miles' Remedies.

This reward is offered because certain unscrupulous persons make false statements about these remedies. It is understood that this reward applies only to goods purchased in the open market, which have not been tampered with in any way.

Dr. Miles' remedies cure by their soothing, nourishing, strengthening and invigorating effects upon the nervous system, and not by paralyzing and weakening the nerves as would be the case if these drugs were used.

For this reason Dr. Miles' Anti-Pain Pills are universally considered the best pain remedy

"I have suffered for 25 years with severe pains in my head, heart and back, and have tried everything I could get and could not find any relief until I got a box of Dr. Miles' Anti-Pain Pills. I suffered as long as 12 hours at a time with such severe pains that I feared I would lose my mind. The Anti-Pain Pills gave me relief in from 10 to 20 minutes. I do not have to use Morphine any more. I wish you would publish this so that other sufferers may find relief."

GAINESVILLE, FLORIDA

NEWS OF CITY AND COUNTY CONDENSED

C. W. Chase has returned from a business trip to Jacksonville.

Perry M. Colson departed yesterday for points in South Georgia on a business trip. He expects to be absent several days.

Miss Clara Thomas of Windsor is in the city, attending the East Florida Seminary Normal. Sheis the guest of her sister, Mrs. J. R. Stevens.

Oscar White of Aurora, Va , who has been in the city since December of the past year, has accepted a position as salesman in the store of Marcus Endel.

Rev. Dr. Little of Ocala, rector of the Episcopal church in the Brick City, passed through the city yesterday en route home from High Springs, where he filled an engagement Sunday. Dr. Little is also an enthusiastic Elk, and is vice-president of the Elks' Association of Florida. He is a gentleman of pleasant address and an interesting speaker.

Captain William Budd, stock claim agent of the Atlantic Coast Line, who makes his headquarters in St. Petersburg, "looked in" on his friends for a couple of hours Sunday, all of whom were glad to see him. Captain Budd was for some time a resident of this city. He is quite a sportsman and angler, and loves St. Petersburg on account of the excellent fishing afforded in Tampa Bay. He says it is the finest city of its size in the State, but he still has a weakness for Gainesville and its clever people.

After a pleasant visit to old friends in this city, Dr. E. A. Lancaster and daughter, little Miss Aurrie, departed yesterday for Cedar Key, where they will sojourn for a few days before returning to their home in Columbia, S. C. Their time was pleasantly spent here, and all were glad to greet them again. The Doctor, who has been spending the past few days at Hampton Springs for the benefit of his health, states that he is feeling much improved. He proposes to come next season and spend a longer time.

Will Improve Service.

Chief Clerk Voorhees of the superintendent's office, Southern Bell Telephone Company, Savannah, spent Saturday and Sunday in this city. The company contemplates soon the extension and improvement of its service in Gainesville, and Mr. Voorhees came for the purpose of looking over the situation and making a report. The system will be materially improved in every way, and when completed will be one of the best in the South.

Attention, K. of P.

The regular weekly meeting of Mt. Vernon Lodge No. 20, Knights of Pythias, will be held at the castle hall this evening at 8 o'clock, at which a full attendance is desired. Visiting brothers will receive a cordial welcome. There will be work in second rank.

SILENT SUFFERERS.

Modest Women Suffer in Silence Rather Than Consult a Physician.

A sense of modesty frequently prevents women who are really sick and suffering from seeking a physician's aid. They do not even care to consult their family doctor. They know that they are sick; that their periods are painful; that in all probability they are suffering from ovarian troubles, or that they have those dragging pains which always point to prolapsus or falling of the womb. They know they need help, yet do not know how to obtain it.

To such we speak in candor and in honesty. G. F. P. (Gerstle Female Panacea) will positivly cure all such conditions, no matter of how long standing or how stubborn.

This is gospel truth, attested and proved by the grateful testimony of thousands of women who have been rescued from lives of sickness and sorrow by G. F. P.

"Ah!" you say, "but perhaps it won't do any particular good in my case."

Well, try it at our expense. Buy a bottle from your druggist, or if he cannot supply you, send $1.00 to the Gerstle Medicine Co., Chattanooga, Tenn., and they will send it prepaid. Take it as directed, and when the bottle is finished, if you can conscientiously say you have not been benefited, your money will be returned instantly by the man from whom you bought it.

This is a very different proposition from paying your physician large fees, whether he helps you or not.

If you think your case presents any unusual conditions demanding special treatment and you would like advice, write to the Ladies' Health Club, care of Gerstle Medicine Co., Chattanooga, Tenn., and your letter will be answered by sympathetic women who have your welfare at heart.

STOMACH TROUBLE

CURED WITHOUT DRUGS.

Letter Published by Request of Our Well Known Druggist, W. M. Johnson.

To the Editor of The Sun: Believing that the people of Gainesville will be interested in cures by such a simple remedy, and as so many letters of this kind are constantly coming to our attention, I ask you to publish the following for the good it may do others:

Mr. Thomas G. Wallace of Detroit, Mich., writes: "After being troubled with loss of appetite and stomach trouble, and trying many medicines without any benefit whatever, I commenced to take Vinol, and I am very much pleased to state that it has cured my stomach trouble, given me a hearty appetite, and I am stronger and in better health than I have been for years."

Mr. Johnson, in referring to Vinol, said: "You see, Vinol is guaranteed to contain no drugs and is such a simple, wholesome preparation with remarkable curative powers. It contains all of the healing and strength creating elements contained in cod liver oil but without a drop of oil or grease to upset the stomach and retard its work.

"Very few people who suffer with stomach troubles can take other forms of cod liver oil and emulsions or sickening drugs, but Vinol strengthens and tones up the weakened nerves of the digestive organs, and enables the sufferer to digest with ease the very foods that once caused distress. Vinol helps to change this nourishment into pure, rich, red blood and invigorates and strengthens the entire body.

"We ask every person in Gainesville suffering from stomach trouble to try Vinol on our guarantee to give them back their money if it does them no good. This is an honest offer." W. M. Johnson, druggist.

MRS. CHADWICK OWES $750,000.

Woman Gave Money Lenders Very Large Commissions.

Cleveland, O., March 27.—In bankruptcy court here Mrs. Cassie Chadwick detailed some of her financial transactions to Louis Grossman, acting for Trustee Nathan Loesser.

Mrs. Chadwick said that she was not able to give as many details of the transactions as she would like to, because of the absence of papers which were held in a number of cities. She had sent for the papers and expected tions as she would like to, because of to have them when the hearing is continued next Thursday. Mrs. Chadwick testified that her total indebtedness would not exceed $750,000, leaving $268,000 for commissions to the money lenders. She said she owed certain banks in Cleveland $200,000.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost if you do not get help from Dr. King's New Discovery for Consumption. J. W. McKinnon of Talladega Springs, Ala., writes: "I had been very ill with pneumonia, under the care of two doctors, but was getting no better, when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for bronchitis, coughs and colds. Guaranteed, at all drug stores. Price, 50c and $1. Trial bottle free.

Prayers Offered for President Harper

Chicago, March 27.—A message from John D. Rockefeller received by Dean Harry Pratt Judson, of the University of Chicago, contains a prayer for the recovery of President Harper, along with the assurance from the founder of the university that his interest in the institution will be continued and the plans of Dr. Harper will be hastened. The telegram was in response to a message sent to Mr. Rockefeller at the time of the convocation exercises Tuesday and was signed by Acting President Judson.

Champion Liniment for Rheumatism.

Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by all druggists.

Many Candidates for Governor.

Birmingham, Ala., March 27.—Although the state election is a long time off, the thoughtful politician sees trouble ahead, and a lot of it. What the issue will be for the next campaign, it is generally conceded, will be the people vs. railroads. This is shown by the recent announcement of Lieutenant Governor Cunningham, giving his position on the question of rates, and the power of the railroad commission to enforce its rulings. Governor Cunningham's letter is plain, pointed, and leaves no doubt about what his position will be when he comes before the people for election.

Aged Couple Die Together.

Raleigh, N. C., March 27.—It has been the prayer during the illness of Mr. and Mrs. John R. Miller, Sr., of Duplin county, that they should die at the same time, and this prayer has been answered, the deaths being almost simultaneous. Mr. Miller was a confederate veteran, having served in the first North Carolina cavalry, which was commanded by Robert Ransom, who became later a major general and who was a brother of the late Senator Nat Ransom. Mr. and Mrs. Miller were buried in one grave, this having been a dying request.

Fatal Fall from Veranda Roof.

New York, March 27.—Sterling Stuart, the son of Ruth McEnery Stuart the writer, who fell from the roof of a veranda yesterday, is reported as being slightly improved, though the surgeons at Flushing hospital express little hope of his recovery. If he is found to be strong enough, an operation may be attempted today. Mrs. Stuart is in a sanitarium at Dansville N. Y., suffering from a nervous breakdown resulting from over-work, and has not been informed of her son's accident.

For an Impaired Appetite.

Loss of appetite always results from faulty digestion. All that is needed is a few doses of Chamberlain's Stomach and Liver Tablets. They will invigorate the stomach, strengthen the digestion and give you an appetite like a wolf. These tablets also act as a gentle laxative. For sale by all druggists.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Gives Health, Vigor and Tone.

Herbine is a boon for sufferers from anaemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50 cents. Sold by W. M. Johnson.

Miners' Widows Seek Damages.

Birmingham, Ala., March 27.—Clara M. THE STARFISH.

This Peculiar Creature Can Neither See, Hear Nor Smell.

Unlike man, the starfish which loses one of its "arms," or properly its rays, grows a new one to take its place. Under certain conditions it grows two to take the place of one. A starfish may lose all its rays without losing its life, and very often a cripple with but a single ray left is found by fishermen and collectors. When completely broken in two the starfish becomes two distinct fish, and the growing process continues. The brittle starfish, it is believed in many instances breaks off its own rays at the approach of danger. For this reason it is difficult to obtain a perfect specimen.

A starfish can neither see nor hear. Neither has it the sense of smell. In spite of these seeming impediments, nevertheless, it seeks and devours its prey as neatly as an ordinary fish. The starfish lies upon its prey and folds its "arms," or rays, completely about it. Then it pushes its stomach out through its mouth and will wrap even a large oyster and shell within the folds of the stomach. The mouth of the starfish is in the center of its rays.

Some great ships are today employed almost wholly in seeking for starfish specimens in deep seas, and there are hundreds of men who spend a portion of their time in collecting starfish in the interests of science. Many of the specimens collected by ships are taken from depths of one and even two miles.

NOTICE OF APPLICATION FOR LETTERS PATENT.

Notice is hereby given that on the 14th day of April, A. D. 1905, the undersigned will apply to His Excellency, Napoleon B. Broward, Governor of the State of Florida, for Letters Patent on the charter proposed accompanying this notice. T. B. STRINGFELLOW, R. L. STRINGFELLOW, R. B. LIVINGSTON.

Under and pursuant to the requirements of the statutes of the State of Florida, we, the undersigned, T. B. Stringfellow, R. L. Stringfellow and R. B. Livingston, desiring for ourselves, our associates and successors, to form and be incorporated as a corporation, do hereby give notice that we shall apply to the Governor of the State of Florida for Letters Patent.

THE PROPOSED CHARTER IS AS FOLLOWS:

First—The corporate name of said corporation shall be ALACHUA ICE AND WATER COMPANY, located and having its principal office and place of business at Alachua, Florida.

Second.—The general nature of the business to be transacted and the purposes and objects for which this corporation is organized, are: The buying, selling and manufacturing of ice; the construction, equipment and operation of a water plant in connection therewith and the furnishing of water for any and all purposes; the construction and operation of an electric, gas or other lighting plant; the purchase and sale of goods, wares and merchandise and of real and personal property of whatsoever character, and generally to do all things necessary and proper for carrying on said business or to protect and advance the interests thereof, and for these purposes to have and possess all the rights, benefits, privileges and immunities incident to, and given under the laws of this State to a corporation of such character.

Third—The amount of the capital stock of said corporation shall be Twenty-Five Thousand ($25,000) dollars, to be divided into two hundred and fifty (250) shares, at a par value of One Hundred ($100) dollars each, payable in lawful money of the United States, except where the subscriber desires to pay for same in property, labor or service, and in such event the same shall be at a just valuation to be fixed by the board of directors at a meeting called for such purpose, and provided that said board then agrees to accept such payment.

Fourth.—This corporation shall exist for a period of ninety-nine years and its corporate existence shall commence from the date of the issuance of letters patent.

Fifth.—The business of this corporation is to be conducted by a president, vice-president, secretary and treasurer, and a board of not less than three nor more than seven directors, of which board of directors the president, vice-president, secretary and treasurer shall be members and stockholders, and all officers of said corporation shall be chosen by the stockholders. The offices of secretary and treasurer may be held by one and the same person. The officers and directors shall be elected annually at the annual stockholders' meeting, the first of which shall be in the company's general office in Alachua, Florida, at two o'clock p. m. on the first Tuesday in January, 1906, and annually thereafter, and until such first election the names of the officers who are to conduct the business of the corporation until those elected at the first election shall be qualified, are as follows: R. L. Stringfellow, president; R. B. Livingston, vice-president; T. B. Stringfellow, secretary and treasurer. The board of directors shall be R. L. Stringfellow, R. B. Livingston, T. B. Stringfellow, James Chesnut and C. A. Williams, until their successors shall be elected.

Sixth.—The highest amount of indebtedness or liability to which said corporation can at any time subject itself is Twenty-five Thousand ($25,000) dollars.

Seventh.—The names and residences of the subscribers are:

T. B. Stringfellow, Jacksonville, Florida.

R. L. Stringfellow, Jacksonville, Florida.

R. B. Livingston, Gainesville, Florida.

Eighth.—The subscribing incorporators to-wit: T. B. Stringfellow, R. L. Stringfellow and R. B. Livingston, have subscribed for the following amount of stock set opposite their names, respectively:

T. B. Livingston—sixty shares.
R. B. Stringfellow—sixty shares.
R. L. Stringfellow—sixty shares.

The amount of stock so subscribed exceeds ten per cent of the capital stock authorized under this charter.

Ninth.—The above and foregoing charter is subscribed to by the following persons towit:

Acknowledged and subscribed before me this 13th day of March, 1905.

W. S. BROOME,
[SEAL.] Notary Public.
My commission expires 14th Dec., 1908.

POLITICAL ANNOUNCEMENTS.

For Marshal.

To the Voters of Gainesville:

I hereby announce myself as a candidate for re-election to the office of marshal, subject to the action of the citizens of Gainesville at the coming municipal election. I leave my case in their hands. If I have discharged my duty as marshal in the past, I ask their indulgence and their votes in future. If they do not think I have discharged my duty, then it rests with them. I will appreciate support, however, and promise as long as in the office to show partiality to no one. Respectfully, CHAS. PINKOSON.

For Marshal.

To the Voters of Gainesville:

I hereby announce myself as a candidate for the office of marshal, subject to the action of the voters of Gainesville at the coming municipal election. Have always been a loyal Democrat, am always ready to render my aid and influence in support of right and justice, and if elected promise a fair and honest service, without fear or favor. Respectfully,

D. A. ROBERTSON.

For Marshal.

I hereby announce myself a candidate for the office of Marshal of the City of Gainesville, and solicit the support of all the voters of said city at the coming election of city officers.

If elected, I promise to give to all the people a vigorous and impartial exercise of the duties pertaining to that office. Respectfully,

RICHARD A. BECKER.

MAYOR'S PROCLAMATION.

Under and by virtue of the power and authority vested in me by virtue of my office as Mayor of the City of Gainesville, Florida, I, W. R. Thomas, as mayor of said city, do hereby call an election to be held in said city, on Tuesday, the 11th day of April, A. D. 1905, for the purpose of electing the following officers for said city to serve for the periods set out herein towit:

One Mayor, one Clerk and Treasurer, one Tax Collector, one Tax Assessor, one Marshal, each to serve for a period of one year from the date of their election.

Four Aldermen, each to serve for a period of two years from the date of their election.

The polling place for said election shall be the west side of the fire station, on East Main street, being situated on the west side of said street and in block south of public square.

The polls shall open at 8 o'clock a. m. of said day and close at sun-down.

The following named persons are hereby appointed inspectors of said election, viz: W. S. McDowell, F. X. Miller, C. J. Mixson, and the following named person clerk of said election, viz: W. L. Hill.

Witness my hand and the seal of said City of Gainesville, Florida, this 8th day of March, 1905.

[Seal] W. R. THOMAS, Mayor.
Attest: J. M. DELL, City Clerk.

Lexington, Tenn., June 5, 1901.

This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.

Respectfully,
C. R. Scott,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

W. E. Crozier and T. E. Brown, organizers for the Modern Workmen of the World, have returned from Ocala and Martel, where they succeeded in instituting two good lodges of that order.

J. A. Maultsby, the brick manufacturer of Campville, was among the business visitors to this city yesterday. Mr. Maultsby is also interested commercially in Gainesville, being a stockholder in the Gainesville Furniture Company.

N. E. Brown of Ellzey, member of the firm of Brown & Bean, manufacturers of cypress shingles, was in the city yesterday, a guest of his uncle, T. E. Brown. The plant of Brown & Bean has a capacity of 20,000 shingles per day, and nothing but cypress timber is used.

W. T. Chesnut of Arredondo, who conducts a store at that place, spent Sunday with his family in this city. Mr. Chesnut states that the Arredondo section was visited by a fine rain a few days ago which was a great stimulant to the growing crops. The farmers are now preparing ground and planting their staple crops. The acreage in staples will be good, and a prolific season is anticipated.

Mrs. Glass and daughters of Oakland, Ill., who have been here for some time as the guests of the former's son, A. L Glass, departed Sunday for St. Augustine, where they will spend a few days before returning to their Northern home. They were accompanied by Mr. Glass. These visitors made many friends during their sojourn here who regretted to see them leave, but trust they will return at some future time.

Among the prominent visitors to Gainesville yesterday was J. R. Williams of Alachua. Mr. Williams is one of the most extensive merchants and most progressive citizens of that lively town. When asked if there was any news of interest to the the people there, he replied that the farmers, which he considered the backbone of the country, were too busy planting to come to town now, hence matters were rather quiet.

After a delightful visit of several weeks to Mr. and Mrs. James M. Graham in this city, Mrs. George W. Graham of Crawfordsville, Ind., made her departure yesterday for Washington. After a brief sojourn among friends in that city she will proceed to Boston, thence home. Mrs. Graham has not visited Gainesville before for four years, but her old friends were glad to welcome her, and she made many new ones. She has visited numerous places in Florida, but states that she is partial to Gainesville, which she believes to be one of the best and most hospitable cities in the State. She is delighted with the city and its people, and promises to pay another visit next year. Mr. and Mrs. Graham have entertained several visitors during the season, and now since they have all departed, the household will naturally seem a little quiet for a while.
